John A. Hauser New President Of Warner Hospital; Promotion To Executive Director For Doud

John A. Hauser, Biglerville, was
elected president of the Annie M.
Warner Hospital at the annual
meeting of the board of directors
Friday night in the board room
in the Musselman Annex Building.

Richard Livingston, New Oxford,
was elected first vice president,
and Wilbur Bankert, Littlestown,
second vice president. Henry M.
Scharf and Philip M. Jones, both
of Gettysburg, were re-elected
secretary and treasurer, respectively.

Mr. Hauser, who has been a
director and first vice president
of the hospital for several years,
succeeds Carl A. Baum, Gettysburg,
who has served as president for
the last four years. Mr. Baum
requested that he not be considered
for the presidency, advocated that
the presidency be rotated every
few years and suggested that vice
presidents be selected with the
idea of advancing to the presi-
dency.

Promotion For Doud

Prior to the election of officers,
the directors whose terms do not
expire this year met as members
and re-elected the following mem-
bers for three-year terms as di-
rectors expiring in 1955: Wilbur
Bankert and William Sneeringer,
both of Littlestown; John Brown,
Fairfield; C. P. Keefe, New Ox-
ford; William Durburaw, Gettys-
burg; Mr. Hauser; John Bream,
Cashtown, and Howard Musselman,
Ortanna.

Incumbents in all offices and
positions in the hospital coming
under supervision of the board of
directors were reappointed for an-
other year.

Walter R. Doud, who for the
past five years has been adminis-
trator of the hospital, was promot-
ed to executive director of the
hospital. The enlargement of Mr.
Doud's duties involves studies and
planning looking forward to en-
largement of the hospital in the
future which will become neces-
sary to provide adequate facilities
for the fast-growing x-ray depart-
ment and emergency and accident
facilities. Besides supervision of
the hospital operation, all business
of the hospital will be in his charge.

New Auxiliary Project

An important step taken by the
directors was the decision to in-
vite bids and specifications for air-
conditioning the operating suites
and the labor and delivery rooms
at the hospital as a matter of pro-
viding better care and more com-
fort for surgery and obstetrical
patients. The executive director
was authorized to purchase this
equipment subject to the prior ap-
proval of the executive committee
of the board.

It was announced that the pur-
chase of the air-conditioning will
be the 1952 project of the Women's
Auxiliary of the Hospital.

On recommendation of the medi-
cal staff, all members of the medical
staff were reappointed by the board
for another year.

New Maternity Record

In his report for the fiscal year
ending May 31, Administrator
Doud noted that 3,711 patients
were admitted to the hospital for
an average stay of 6.62 days or a
total of 24,571 patient days. In
keeping with modern technique,
the average stay was substantially
reduced from that of 7.27 days
in 1951.

Maternity records were broken
in the current year with 914 births.
By way of comparison, Mr. Doud
pointed out that in the five-year
period 1936 to 1940 there were 901
births or 13 births less than in the
single year just closed.

Gross income from hospital
service was \$309,338.52. In-patient
expenses were \$307,406.18. In-patient
costs per day were \$9.94 as against
\$9.35 the previous year while in-
patient income per day was \$9.22
or a loss of 72 cents per day per
in-patient.

\$24,552 In Charity Work

A total of 6,755 out-patients were
treated in 9,648 visits at a cost
of \$3.15 per visit. Total charity
service rendered aggregated \$24-
552.65 in value or 6.03 per cent
of the total income of the hospital.
Uncollectible accounts for the
year totaled \$9,680.99 or 3.13 per
cent.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. John Burchell, Fair-
field, announce the birth of a daugh-
ter Thursday at the Waynesboro
Hospital.

Mr. and Mrs. Lloyd Kiser, Taney-
town, announced the birth of a son
Friday at the Warner Hospital.

MISS JANE RAMER

Mr. and Mrs. Paul B. Ramer, 325
Burford Ave., announce the engage-
ment of their daughter, Jane
Marie, Abbington Drive, Alexandria,
Va., to Thomas D. Hemingway, son
of Mr. and Mrs. H. E. Hemingway,
Syracuse, N. Y.

Miss Ramer graduated from Get-
tysburg High School, attended St.
Joseph College, Emmitsburg, Md.,
and received her Bachelor of Arts
degree from Gettysburg College in
August, where she was a member of
the Alpha Xi Delta Sorority. Before
accepting her present position as an
airline hostess with Capital Airlines
based in Washington, D. C., she was
a member of the news staff of The
Gettysburg Times.

Mr. Hemingway, also a graduate
of Gettysburg High School, attend-
ed Bucknell University, where he
was a member of the Phi Gamma
Delta fraternity. Prior to his call
to the service, he was a pre-law
student at Dickinson College. He is
now an officer candidate at the
Engineer Officer Candidate School,
Fort Belvoir, Va.

RESERVE UNIT COMING HOME; WON AWARDS

Thirty members of Company E,
313th Infantry, local Army Reserve
unit, are scheduled to return home
this evening after two weeks at
Camp Pickett, Va., with one of the
members of the company having
won designation as an "outstanding
basic trainee" in a training company
at the camp.

The trainee, Pvt. Joseph L. Show-
ers, son of Mr. and Mrs. Edgar
Showers, Gardeners R. 1, an employe
of C. H. Musselman Co., and a new
member of the reserve outfit was
placed in Company C of the Pro-
visional Training Battalion set up at
Camp Pickett to give basic training
to the new members of the 79th Di-
vision while the division was holding
its annual two weeks summer camp
there.

Coming By Special Bus

Pvt. Showers was selected as the
outstanding trainee in the company
and at a public ceremony was per-
sonally congratulated by Lt. Gen.
John R. Hodges.

Four members of the local com-
pany were members of the 313th
Regiment team which captured the
79th Division football title in a
tournament held after hours at the
camp. The members of the local
unit on the team were 1st Lt.
Charles D. Meschter and Sgts. Guy
L. Conover, Harry Streig and Den-
nis Wallick.

The company, under command of
Lt. Sebastian Hafer, is to arrive by
train in York from Camp Pickett at
5 o'clock this evening and then will
travel to Gettysburg by special bus,
arriving here at about 6:30 o'clock
after two weeks of training that in-
cluded tactical problems on squad,
platoon, company and battalion
levels, and training in weapons and
equipment used by the infantry
unit.

Four Bands, Nine Drum And Bugle Corps, 13 Floats, 25 Fire Companies Here On 4th

At least four bands, nine drum
and bugle corps, 25 fire com-
panies, 13 floats, a number of mili-
tary organizations and numerous
marching units will make the Get-
tysburg Fire Department's Fourth
of July parade here next Friday
probably the largest parade to be
seen here in many years, accord-
ing to Fire Department officials.

These numbers include only those
organizations who have notified
the committee that they will par-
ticipate in the parade. It is ex-
pected that several more will
come to Gettysburg Friday with-
out sending acceptances, or will
send them later, before the pa-
rade.

The bands will include the Blue
and Gray of Gettysburg and three
high school musical organizations,
Gettysburg, York Springs and Big-
lerville. Drum and bugle corps will
include the crack Seventh U. S.
Air Force group from Washington,
D. C.; the Morris Frock Drum
Corps, Hagerstown; Moose Drum
and Bugle Corps, Hagerstown; an
American Legion drum corps from
Hagerstown and "The Crusaders,"
also from that Maryland city; the
East Berlin Drum and Bugle
Corps; the Taneytown American
Legion Drum and Bugle Corps; a
drum corps which will accom-
pany the Parkville (Hanover) fire
company, and the Rouss Drum
Bugle Corps from Winchester, Va.

To Move At 3 P.M.
Mr. Hemingway, also a graduate
of Gettysburg High School, attend-
ed Bucknell University, where he
was a member of the Phi Gamma
Delta fraternity. Prior to his call
to the service, he was a pre-law
student at Dickinson College. He is
now an officer candidate at the
Engineer Officer Candidate School,
Fort Belvoir, Va.

The parade will form at 2:30
o'clock at the Recreation Park,
and move promptly at 3 o'clock.
The route will be north on Frank-
lin St. to W. Middle St., where
the parade will turn west to How-

ard St. and then north to Springs
Ave. From this point it will move
east on Springs Ave. and Cham-
bersburg St. to Lincoln Square,
around the square to Baltimore
St., south to Breckenridge St. and
west again to the Recreation Park.
All motor units will disband on
Franklin St. and all marchers will
proceed straight ahead at the end
of Breckenridge St. to disband on
the field.

Military Units First

The Gettysburg Police Depart-
ment's automobile will lead the
parade, followed by the grand
marshal, Captain Spicer, and his
aides, Lt. Sebastian Hafer, Lt.
Charles Meschter, Lt. Fred Fa-
ber, Warrant Officer Anthony J.
Navickas and Sgt. Robert A. Fis-
cus.

Captain James A. Parks will
head the first division, which will
include the military, and be led
by the Air Force Drum and Bugle
Corps. Following this organization
will be the 104th Armored Cavalry,
Pennsylvania National Guard
(Gettysburg); a motorized detach-
ment from the Letterkenny Or-
dnance Depot; Troop 78, Boys
Scouts of America; Morris Frock
Post No. 42 American Legion

STARS, STRIPES WAVE FROM TIP OF CHAPEL SPIRE

"Old Glory" waved today from
atop the 132-foot tower of the new
chapel at Gettysburg College.

And it will wave there until, ap-
propriately enough, it will be re-
placed by a massive 17-foot, 650-
pound, metal cross during the
coming year.

The five by eight foot flag, do-
nated by Dr. Henry W. A. Hanson,
went atop the tower Thursday after-
noon when a 135-foot crane, sent
here especially for the job by the
Steddie Company of Harrisburg,
lifted the 2½-ton, 32-foot long top
section of the tower more than 100
feet in the air and set it atop the
previously constructed 100 feet of
the tower structure.

The 32-foot section of the tower
was constructed on the ground to
fit perfectly into the previously
built section of the structure. The
three workmen who straddled metal
crossbeams in the open steel struc-
ture to place bolts through the 32-
foot section and the rest of the
tower reported that the crane swung
the 2½-ton section into the air and
set it down perfectly on the bolt
holes in the base structure. The

Hints Of Major Atomic Gains Offset Story Of Soviet Power

WASHINGTON (AP)—Hints of ma-
jor American developments in the
field of atomic energy today eased
the shock of jolting new estimates
of Soviet atomic and air power.
Optimism stemmed from a White
House visit of the nation's top
atomic experts. One of them, Dr.
J. Robert Oppenheimer, chairman
of the Atomic Energy Commission's
General Advisory Committee, said
later:

"There have been such great de-
velopments in atomic energy we
felt we should report on these di-
rectly to the President. We wish
we could say what was in the re-
port, but we cannot."

A Grimmer Side

The grimmer side of the picture
was revealed in screened testimony
of top Air Force and Pentagon
leaders before the Senate Appro-
priations Committee.

Urging approval of the 46 billion
dollar defense money bill, Gen.
Nathan F. Twining, acting head

of the Air Force, said Russians
soon may have enough atomic
bombs to launch a surprise at-
tack "plus a reserve for succeed-
ing tries if the first should fail."
Twining said the Russians, while
boosting their atomic stockpile, have
also developed a powerful long-
range bomber capable of delivering
atomic weapons against distant
targets.

House Unimpressed

"It is of some significance that
a new long-range Soviet bomber of
original design was observed over
Moscow last summer," he said.
Despite the report by top Air
Force and Pentagon leaders that
World War III may be brief but
terrible, due to Russian atomic and
air progress, the House refused to
go along with President Truman's
request for \$3,191,000,000 in new
atomic funds.

It voted instead \$1,485,000,000
to begin a large-scale expansion of
atomic energy facilities.

Completes Navy Boot Training

Seaman Apprentice Harry Coffelt
is spending a two weeks leave with
his parents, the Rev. and Mrs.
Charles Coffelt, Gettysburg R. 2, after
completing his boot training at
Bainbridge, Naval Center, Md.

A former clerk at the local A and P
store, Seaman Coffelt was a member
of the drum and bugle corps and
of the regimental choir at Bain-
bridge. He was a member of the
Gettysburg High School band while
attending that school and was a
member of the Blue and Gray band
before entering service.

He was graduated from boot train-
ing June 14. Attending the gradua-
tion services were his parents, his
brother, Franklin Coffelt and an
aunt, Miss Ada Pichtner, Waynes-
boro. He will report back to Bain-
bridge for future assignment after
his leave has expired.

CHURCH SCHOOL EXERCISES AT TRINITY CHURCH

The closing exercises of the Vac-
ation Church School of Trinity
Evangelical Reformed Church will
be held on Sunday morning at 9:30
o'clock in the parish hall. The
school was in session from June 9
through June 20. Instructors for
the school included Mrs. Howard S. Fox
and Mrs. Katherine Schultz for the
Kindergarten, Mrs. Donald Fissel
and Mrs. Jennings B. Collins for
the Primary Department, Dr. How-
ard S. Fox was the superintendent
and also in charge of the Junior
Department.

Perfect attendance was attained
by Margaret Teeter, Peggy Smith,
Fred Tilberg, Barkley Collins, Rich-
ard and Kenneth Kitzmiller, Ches-
ter and Rad Schultz.

The theme of the school was "Go
Ye," being centered around the
Missionary emphasis of the Chris-
tian Church. The children will sing
the two hymns they memorized,
"May Jesus Christ Be Praised" and
"Lord Jesus Christ Be With Us
Now." Louise Collins will recite the
Books of the New Testament. Andy
Miller will give the school motto.
The 6th Psalm will be said by Peggy
Smith. Barkley Collins will tell the
story of Jesus' meeting with the
leper. Margaret Teeter will rehearse
the story of "Shanti," a little Chris-
tian girl. There will be a demon-
stration of the handwork which was
made. Barkley Collins will play a
piano solo.

The Junior Church Choir will pro-
vide the special music at the divine
service at 10:35 a.m., singing as an
offertory anthem "Lord Jesus Christ
Be With Us Now." Dawson Heck
will sing the solo "The Sweetest
Story."

Mrs. John MacPhail will be the
guest organist for this service. She
will play for her prelude "Chorus
of Happy Spirits" by Gluck; at the
offering "Sevenfold" by Widor, and
as a postlude "Largo in G" by Han-
del.

County Firemen To Meet At Barlow

The Barlow Fire Company will
be host to the Adams County Fire-
men's Association for the quarterly
meeting on Monday evening, July
7. At Barlow Rockwood foam and
wet water demonstrations are
scheduled for 7:30 p.m., prior to the
business meeting. These demon-
strations are to be staged by M. F.
Gordon-Safety Sale Fire Equipment
and were secured through Houck's
Rubber Company, Hanover. The
demonstration committee from the
host company is composed of Wal-
ter Schwartz, chairman, Bernard
Miller and Hayward McLean.

For the business meeting, to con-
vene at 8 o'clock, Roger Myers,
county secretary, has requested
that the fire companies of the coun-
ty that have been registered to
have the histories of their respec-
tive companies compiled and in
the hands of the secretary not later
than the date of the meeting so
that they may be included in this
year's convention book. Myers has
also requested a list of the names
of the fire police in each company.
At the conclusion of the business,
refreshments will be served by a
committee including: E. A. Fox,
chairman, David Reaver, Dale
Wetherow, Clarence Eyler, Harry
Maring, Jay Swisher, Vernon Derr
and Clarence Maring.

SUNDAY VESPER SERVICE

The community vesper service
Sunday evening at 7:30 o'clock will
be held in the Sunday School room
of Christ Lutheran Church. The
Rev. Robert Knechel, pastor of the
Church of the Brethren, will deliver
the sermon and will be in charge of
the service.

QUARTERLY MEETING

The quarterly consistory meet-
ing of St. Mark's Evangelical Re-
formed Church, near Two Taver-
ns, will be held Thursday eve-
ning at 8 o'clock at the home of
Samuel Schull, Gettysburg R. 1.

Brother-in-law Confesses To District Attorney He Killed Young Bride; "Mean" To Him

Harry E. Naugle, 15-year-old Hamiltonban Twp. youth, to-
day was being held in custody after having confessed to
shooting his 21-year-old sister-in-law, Mrs. Lillian Reed
Naugle, during a squirrel hunt in the mountains near the
Naugle home early Wednesday morning.

District Attorney Daniel E. Teeter said today the fourth
grade youngster had sobbed out to police Friday a story in
which he said he shot his sister-in-law with a 12-gauge shot-
gun because "something just told me to do it."

Two Burned When Gas Line Ignites

Robert Steinberger, 22, 136 Car-
lisle St., has been admitted as a
patient to the Warner Hospital due
to first and second degree burns
of the face, right shoulder and
right hand.

An employe of the Manufacturers
Light and Heat Co., Steinberger
was burned Friday afternoon while
assisting to tie-in an old and new
gas line at the corner of N. Strat-
ton and Barlow Sts. Gas ignited
during the operation due to an un-
determined cause.

Raymond Dayhoff, 28, 158 W. High
St., who was assisting, was treated
at the hospital for minor burns
of the arm.

DEATH CLOSES PRISON TERM OF ROBERT STALEY

Robert L. Staley, 26, South
Mountain, who was serving a
life sentence at the Eastern
Penitentiary for the claw-ham-
mer slaying of Herbert L.
Humper, died Friday morning at
5:30 o'clock at the Eastern State
Penitentiary prison hospital.

The Associated Press quoted
prison authorities as stating that
Staley, who was sentenced May 12,
1947, to the prison, was found un-
conscious in his cell Sunday night.
He was removed from the cell to
the prison hospital where he re-
mained in a coma until death. Death
was caused by encephalitis, a brain
infection, doctors said.

Staley and Ray Herman Sim-
mons, of Mechanicsburg R. D., were
accused of beating Humper with a
hammer when they went to his
farm to rob him on the night of
March 24, 1947. He died from the
beating and the body was found
two days later in the barn at the
farm.

Simmons Got Chair

Two trials were held. Simmons
was tried first and found guilty,
with the jury sending him to the
electric chair. He died at Rockview
January 9, 1950. Staley's trial im-
mediately followed the Simmons
case and the jury returned with a
verdict of guilty calling for life im-
prisonment. Judge W. C. Sheely sen-

Mercury Tumbles 29 Degrees From 98

Welcome, cool breezes tumbled
the temperatures nearly 30 de-
grees here overnight and
promised to keep the mercury
out of the 90-degree bracket to-
day for the first time since
Tuesday.

Friday's high here was 98 de-
grees, equalling Wednesday's
high while on Thursday the
maximum was 99.

Overnight the temperature
nosedived to a comfortable 69
degrees at The Gettysburg
Times Weather Station. By
8:30 a.m. it had climbed to 77
degrees but the weather fore-
caster for Eastern Pennsylv-
ania predicts a high reading in
the 80's today.

Dies Suddenly

Willis H. Pitzer, 353 W. Mid-
dle St., died suddenly of a heart
attack at 10:30 o'clock this
morning. He was stricken in the
garage at his home and died
there. The body was removed to
the Bender Funeral Home.
No further details were avail-
able at press time.

FIREMEN GET \$4,211

The Gettysburg Fire Department's
annual solicitation of funds is al-
most completed, committee chair-
men announced today, with \$4,211
contributed in both town and coun-
try canvasses. The goal was \$5,500.
Letters have been sent to a number
of business places and contributors
are asked to send their donations to
the fire company or leave them at
the fire engine house.

FIRE POLICE MEETING

Charles W. Culp Jr., chief of the
fire police, today requested all fire
police to meet at the Recreation
Park Monday night at 7:30 p.m.
with Captain C. B. Spicer Jr. to map
plans for the Fourth of July parade
next week and parking during the
firemen's festival.

No charges have been placed yet,
pending further investigation, the
district attorney said. In the mean-
time the youth is being held in a
section of the Adams County jail
usually used for women prisoners,
and not connected with the main
prison block.

Was Told To Stay Home
The story given by the youth to
police and the district attorney as
related by the latter is as follows:

Harry Naugle and his brother,
Pvt. Carroll Naugle, husband of the
slain woman, left the home of the
two young men to go squirrel hunt-
ing early Wednesday morning.

Mrs. Carroll Naugle had been told
to remain at home, despite her ex-
pressed desire to go along on the
hunt. She later followed the two
men into the woods.

Grabbed For Gun

Mrs. Naugle came upon the two
brothers and went to her husband
and showed him a picture of her-
self. He took the picture and told
his wife to keep quiet or she would
scare the squirrels.

The youth told police, according
to the district attorney, that his
sister-in-law then came back to him
and grabbed at him saying
"angrily," "Give me the gun."

But the youth is quoted as saying
that Mrs. Naugle did not touch him
or the gun, and that there was no
struggle between them, as reported
by members of the family pre-
viously.

The district attorney said the
younger told police that he was
carrying the shotgun slung across
his arms, in a left-handed fashion;
that he pulled his arms back, to
prevent Mrs. Naugle from grabbing
the gun, and that he had cocked the
piece sometime previous to the in-
cident.

Says Mrs. Naugle "Mean"

Mrs. Naugle then started to walk
away, the district attorney said the
young man told him, and the Naugle
youth said he pulled the trigger
when Mrs. Naugle had turned her
back to him and was walking toward
her husband. She was a yard or less
away from the youth when he fired,
he is quoted as telling police.

Teeter added that the boy said
he shot without putting the shot-
gun to his shoulder

Littlestown

HOOD-ARTER
NUPTIALS READ

Miss Betty L. Arter, daughter of Clarence U. Arter, Baltimore, and Mrs. Regina M. Arter, Littlestown R. 2, became the bride of Charles W. Hood, son of Mr. and Mrs. George N. C. Hood, Westminster R. 3, at nuptials performed this morning at 8:30 o'clock in St. Aloysius Catholic Church, Littlestown, by the pastor, the Rev. Fr. Edward J. Shanahan. The double ring ceremony was performed in the presence of the immediate families of the couple. The bride's wedding ring belonged to her maternal grandmother, Mrs. Louise Eckenrode, Littlestown R. 2, and the groom's ring was his paternal grandmother's, the late Mrs. Mary E. Hood, and was also worn by his mother, Mrs. Lydia M. Hood, at her wedding.

The bride was attended by her cousin, Mrs. Teresa Gortwatt, Hanover, as maid of honor. The bridegroom had as his best man, George Weaver, of New Oxford.

The bride was attired in an aqua linen suit dress, with matching shoes and other accessories in white. She also wore a white orchid corsage. The maid of honor wore a coral silk crepe dress with white accessories and a white rosebud corsage. Prior to the ceremony, a brief recital was presented by Mrs. Daniel Dietrich, who also played the wedding marches of Carl Rossini.

Immediately following the ceremony, the wedding party and guests attended a breakfast in the banquet hall of Schott's Hotel. The couple left on a wedding trip to Atlantic City and upon their return they will reside for the present, at the home of the bride.

Mr. Hood is employed at Thompson Trailer, Pikesville, Md. Mrs. Hood was graduated from the Deane Catholic High School, McSherrystown, with the class of 1947 and is employed as secretary in the office of the Windsor Shoe Company, Inc., Littlestown.

Miss Louise Frazier
On European Trip

Miss Louise Frazier, former home economics supervisor for the Manufacturers Light and Heat Company, Gettysburg, and a past president of the Business and Professional Women's Club, has completed her extra year of study at the University of Ohio under the GI Bill. She sailed last week on the Queen Mary with 20 members of the Students International Travel Association for a tour of Europe.

MISS GOOD AND
L. S. HESS JR.
WED ON FRIDAY

Miss Dolores Marie Good, daughter of Mr. and Mrs. Robert J. Good, 69 Crouse Park, Littlestown, and Luther Sylvester Hess, Jr., son of Mr. and Mrs. Luther J. Hess, Littlestown R. 1, were united in marriage on Friday evening at 8 o'clock in Christ Evangelical and Reformed Church, near Littlestown. The double ring ceremony was performed by the bride's pastor, the Rev. G. Howard Koons, in the presence of a few relatives and friends of the couple.

The bride was attended by her sister, Mrs. Glenn Lippy, Littlestown R. 1, as matron of honor. Glenn Lippy, brother-in-law of the bride, served as best man. The bride was attired in an aqua ballerina length dress, fashioned with a low neckline, a tight bodice and puffed sleeves of lace and the gathered skirt was of nylon with a full taffeta underskirt. Her white lace hat was decorated with veiling and her jewelry was matching crystal pearl earrings and choker. The bride carried a white Bible, a gift of the bridegroom, topped with a white orchid from which fell a cascade of white satin streamers and flowers.

On Wedding Trip

The matron of honor wore a yellow ballerina length dress fashioned on lines identical to that of the bride's. Mrs. Lippy wore a white lace hat and jewelry of earrings and a necklace. She carried a bouquet of mixed flowers.

Prior to the ceremony, a 15-minute organ recital was presented by Fred A. Warner, church organist. Some of the selections Mr. Warner played included "Sweetest Story Ever Told," "Always," "Oh, Promise Me," "Because" and "I Love You Truly." For the ceremony, the church was decorated with gladioli and ferns.

Immediately following the ceremony, the newlyweds left on a honeymoon through New York state and Canada and a visit to Niagara Falls. For going away the bride chose a sheer white flowered dress with white accessories and she wore a white orchid. Upon their return they will reside at the home of the bridegroom's parents.

Mr. Hess was graduated from the Littlestown Junior-Senior High School with the class of 1952 and is now engaged in farming with his father. Mrs. Hess is a graduate of the Littlestown High School with the class of 1952 and is now employed by the Windsor Shoe Company, Inc., Littlestown.

Mr. and Mrs. William M. Lott, who attended the National Aquatic Institute at Yakima, Wash., have returned to their home in Gettysburg. While on this trip they visited Maj. Charles Lott, San Diego, Calif.

EXTENSION OF
WAGE AND PRICE
CONTROLS NEAR

WASHINGTON (AP)—A 10-month extension of wage-price controls, due to expire Monday, was voted by a Senate-House Conference Committee early today in a marathon race against time.

The compromise, hammered out of divergent bills passed by the Senate and House, was whisked to the Senate's special Saturday session for action. House consideration is scheduled Monday.

Senate-House conferees met yesterday, last night and into today's pre-dawn hours. All in all, the results were accounted an administration victory after the beating the bill took in the House.

The committee abandoned a House provision by Rep. Talle (R-Iowa) which would have snipped controls from commodities not rationed or allocated. Nothing is rationed now. Only a few scarce metals are allocated.

It also watered down another House provision, by Rep. Cole (R-Kan.), which would have guaranteed sellers' price markups based on individual, instead of industry-wide, profit margins before the Korean war erupted. The diluted version amounts to a restatement of existing law.

An administration setback, however, was the committee's decision to retain a provision which would exempt processed fruits and vegetables from price control.

Arnall's Comment

All three had been roundly scored by administration forces. House adoption of the Talle and Cole amendment led Price Stabilizer Ellis Arnall to comment they pulled the rug from under controls, leaving him no recourse but to bow out.

Price officials said about 11 percent of the housewife's food money goes for processed fruits and vegetables—frozen and otherwise—and knocking off controls for these would boost the grocery bill.

PHILADELPHIA (AP)—A new six million dollar two-story plant that will produce hulls and turrets for a new medium-weight Army tank was dedicated by the Budd Company yesterday.

The plant will employ about 1,000 and is expected to go into full production within two months. It is producing the parts under sub-contract from Chrysler Corporation who will assemble the tanks at its Newark, Del., plant.

Drive-in service stations were inaugurated in 1903. Today there are 250,000.

"PA. DUTCH DAY"
BEING HELD HERE

Today's "Pennsylvania Dutch Day" festival being held by the Adams County Arts and Crafts Guild on the lawn and sidewalk at the Court House is scheduled to receive some nation-wide publicity.

Ozzie Sweet, staff photographer for "American" magazine, a national publication, was taking color pictures of the event on assignment from the magazine. The pictures will appear in the publication, according to present schedule, in about six months.

The second annual version of the Arts and Crafts Guild's "close-line art show" featured numerous paintings and craft work by the members of the club. The festival began this morning and will end late tonight.

Apple butter, furnished by C. H. Musselman Co., bubbled over an open fire. A Little German Band tooted industriously. A number of persons in Pennsylvania Dutch garb helped make the event more "Dutchified." There were signs in Pennsylvania Dutch, a scheduled rooster chase, a quilting party, a square dance scheduled for this evening, and a motion picture on the Pennsylvania Dutch is listed for showing at the court house tonight.

that "now I can sleep." He said he had been unable to sleep since the shooting occurred.

The investigation is being conducted by Detective R. O. Parsons and State Policeman David James.

Sgt. Joseph Temple, of the local state police, said today that the youth told police he wanted to shoot his sister-in-law in the legs, but the gun was apparently aimed too high.

Dr. William Hall, Waynesboro Hospital pathologist, is scheduled to perform an autopsy on the slain woman today. Funeral services are to be held Monday afternoon at 2 o'clock from the Grove Funeral Home in Waynesboro, with the Rev. J. R. Reese officiating. Interment in the Green Hill Cemetery. Friends may call at the funeral home Sunday evening from 7 to 9 o'clock.

District Attorney Teeter said today he plans to discuss the case with Judge W. C. Sheely before bringing a charge against the youth.

INSTALL AIR
RAID SIGNALS

Installation of new air raid warning signals to take the place of the former verbal telephone messages was being made today by the United Telephone Co.

Four will be installed for Adams County, all in Gettysburg, at the fire engine house, Gettysburg sub-station of the state police, and in the homes of William G. Weaver, county civil defense director, and Donald G. Jacobs, fire chief.

The signals are small boxes with a row of four lights across the top, white, blue, red and yellow. Under the new system, air raid signals will be sent out directly from Harrisburg. A telephone bell will ring and one of the four lights will light up, indicating the proper signal.

The white signal will be for air raid tests or "all clear," yellow for a "possible" air raid; red for "imminent" and blue as a signal for testing of the circuits.

After the signals are received here, they are transmitted to other locations in the county, which in turn "fan out" the signals to still other communities.

Mrs. Flickinger, 71,
Arendtsville, Dies

Mrs. Minnie M. Flickinger, 71, wife of Peter D. Flickinger, died at 5:10 o'clock Friday evening at her home in Arendtsville from the effects of a paralytic stroke suffered Friday morning.

A daughter of the late Uriah and Lucy Emily Powell, she was born in Adams County and resided for the past 40 years in Arendtsville. She was a retired employee of the C. H. Musselman Co., Biglerville, after 36 years of service. She and her husband were married 49 years on March 29. She was a member of Trinity Lutheran Church, Arendtsville.

Surviving are her husband; four children: Earl Flickinger, Arendtsville; Mrs. Robert Lee, Grandview Terrace; Ida Flickinger, at home and Ray Flickinger, Arendtsville; six grandchildren; and the following brothers and sisters, Mrs. John Hamilton, Gardeners R. 2; Mrs. Andrew Flickinger, Gettysburg R. 3, and John U. Powell, Biglerville R. 2.

Funeral services Monday morning at 10 o'clock from the Dugan Funeral home, Bendersville with the Rev. Robert C. Schiebel officiating. Interment in Greenmount Cemetery, Arendtsville. Friends may call at the funeral home Sunday evening from 7 to 9 o'clock.

Three Furious
Red Attacks
Hurled Back

SEOUL, Korea (AP)—United Nations infantrymen today threw back three furious assaults by Chinese Reds on the Korean western front. Allied warplanes for the fourth time in a week bombed and strafed hydroelectric plants serving North Korea and Manchuria.

Targets of the U. S. Fifth Air Force fighter-bombers Friday were the switchyards and power plants No. 1 and 2 at Changlin Chosin reservoir in northeastern Korea, 60 miles south of the Manchurian border.

It was the second straight day that the Changlin generating station had been hit. They serve Red industry in Manchuria and North Korea.

CON MARRERO'S "MANANA" PITCH Baffles Bosox

By RALPH RODEN
Associated Press Sports Writer
Satchel Paige gained fame with his "hesitation" pitch. Con Marrero of the Washington Senators is going the aged negro one better with his "manana" pitch.

When Marrero delivers it appears that the ball will get to home plate manana or even the day after. But when the ball does arrive it does funny things, shooting down, up or away from the astonished hitter.

Marrero looks like duck soup to the batters. They can't wait to get at him. But once they step into the batter's box they're usually as helpless as an Arab without a camel in the Sahara Desert.

He May Be 50
Like Paige, Marrero's age is a question. The Cuban star is listed as 45 but many think he's at least 50. Marrero has a simple formula for his amazing success—plenty of rest.

The chunky cigar-smoking right-hander gets anywhere from seven to 12 days off after pitching. Last night he worked with eight days rest and came through with a 1-3 triumph over the Boston Red Sox in Fenway Park.

Marrero, who gets by with a slider, curve and knuckleball, limited the Red Sox to six hits while his mates collected nine off former teammates Sid Hudson and Ray Scarborough. Ed Yost, with a home run, and Pete Runnels, with a pair of triples, led the Washington attack. Billy Goodman homered for Boston. The victory was Marrero's seventh compared to two defeats.

Scranton 3rd Now
The loss dropped the Red Sox 3½ games behind the league-leading New York Yankees and also enabled Washington to advance from fourth to third place.

Ed Lopat, another "junkball" pitcher, pitched the Yanks to a 10-0 victory over the Philadelphia Athletics. Lopat blanked the A's on four singles in eight innings. Lopat was forced to retire after the eighth when his shoulder stiffened. Tom Morgan finished up. The Yanks pounded three Philadelphia pitchers for 12 hits including a two-run homer by Mickey Mantle. Mantle connected off Bob Hooper in the fourth and the Yanks sewed it up with four more in the fifth.

The Cleveland Indians dropped from third place into a fourth place tie with the Chicago White Sox. Chicago turned back the Indians in a 4-1 victory. The four-hit pitching of Burt Reynolds, Pierce fanned 10 and walked only two in besting Bob Feller. Four Cleveland errors led to three unearned runs. Feller also forced in two runs by walking Ed Robinson and hitting Sherm Lollar with a pitch with the bases loaded in the first.

Browns Beat Tigers
Lefty Hal Newhouse, making his first start since May 11, allowed St. Louis only three hits but the Browns beat the former Detroit ace 2-1 on two errors. An error by Newhouse set up the first run and Gerry Priddy's miscue admitted the winning marker in the fourth. Bob Cain, with help from Paige in the eighth, gained his sixth victory.

The Brooklyn Dodgers pulled four games in front of the New York Giants in the National League race, trouncing the Boston Braves, 8-3, while the Giants dropped a 6-0 decision to Curt Simmons and the Philadelphia Phils.

Brooklyn, in posting its ninth straight victory over the Braves, whacked four Boston pitchers for 12 hits. The Braves took a 3-0 lead in the first inning against Johnny Schmitz on a homer by Walker Cooper but Brooklyn came back with four in its half and clinched the decision with three more in the third. Ralph Branca took over in the second for Brooklyn and pitched two-hit ball the rest of the way.

Simmons blanked the Giants on three hits while the Phils combed Larry Jansen and Monte Kennedy for 11 safeties.
Lanky Paul Minner also turned in a 6-0 shutout for Chicago, stopping the Cincinnati Reds on six singles. Minner helped his own cause, bunting out two doubles and a single. Roy Smalley's three-run ninth inning homer sealed the verdict.
The Reds pulled the season's second triple play in the sixth inning. Bruce Edwards lined to shortstop Roy McMillan with runners on first and second. McMillan stepped on second to double Bill Serena and threw to first to nail Hank Sauer.
Enos Slaughter batted in five runs on four singles to lead the St. Louis Cardinals to a 6-4 decision over the Pittsburgh Pirates. Slaughter's fourth single came in the seventh inning with the bases loaded and featured a game-winning three-run rally. Stan Musial of the Cards doubled and singled to extend his hitting streak to 23 games.

The Binghamton Triplets of the Eastern League, playing in their home camp last night, flattened Reading twice, 10-2 and 10-8. By the time the dust settled at three minutes past midnight, Binghamton had batted 24 hits and Reading had sent 27 players into the fray.

The Triplets now boast of six-game win streak and trail the third-place Indians by only two games. They could lift those Reading scalps in the three games scheduled this week end.

Elsewhere in the league last night, Albany widened its lead to five games by dumping Williamsport, 5-1 and 4-3, while Scranton's miners were shelling Schenectady, 9-1. Hartford edged Elmira, 3-2.

Idaville Defeats Mt. Holly Springs

Idaville tallied five runs in the fifth inning to register an easy 9-1 victory over Mt. Holly Springs in a Cumberland County Baseball League game at Idaville Friday evening.

No games will be played next week due to the fire company celebration.

The Lentz Legion pulled up to the 500 mark in the Softball League by blasting out a 16-5 victory over the Penn-Ceramic in the opening game of Friday's twin bill. Guy Crist hit two homers with a runner aboard each time and Pinko also homered for the winners with a man aboard. George Penn also hit for the circuit for the Penn-Ceramic in the seventh with Carter on base.

In the second game the Texas Lunch came from behind to gain a 4-3 win over Swope's Atlantic. The winning run in the seventh came with two out when Sachs singled with the bases loaded to score Bartholomew. Swope's Atlantic scored twice in the third frame when Slaybaugh homered with Shaeffer on base. Another run for Swope's came in the fourth via a double by Jim Codori and singles by Bosak and Staley. In the third frame Himes singled to score Bartholomew and Timbers and in the sixth the lunchmen tied the score 3-3 on Johnson's single which scored McDonnell.

Eddie Sawyer Replaced By O'Neill As Phillie Manager

By TOM BRADSHAW
PHILADELPHIA (AP)—The Philadelphia Phillies, floundering in the National League's second division, changed managers in mid-season today with veteran Steve O'Neill replacing one-time college professor Eddie Sawyer "for the good of the club."

Owner Bob Carpenter announced the shift last night at a hastily called meeting of sportswriters in the Shibe Park clubhouse following the Phillies 6 to 0 win over the New York Giants.

O'Neill, former pilot of the Detroit Tigers, Cleveland Indians and Boston Red Sox, was informed of Carpenter's decision by way of a telephone call to Louisville, where O'Neill was on a scouting assignment for the Red Sox.

Takes Over Today

O'Neill will be running the club when the Phillies meet New York tonight.

O'Neill, who led the Tigers to the 1945 American League pennant and World championship but failed to do as well at Cleveland or Boston, is the epitome of calmness—even when plagued by an occasional attack of the gout.

He has said "I don't believe in bawling out my ball players."

O'Neill Played Major Ball

Sawyer, who was a science professor at Ithaca (N. Y.) college before he made professional baseball his career, is of the same school as O'Neill—but he assumed a sterner visage this past spring when he informed his "Whiz Kids" they would have to leave their convertibles and families at home, the better to settle down to the business at hand.

And in recent weeks, Sawyer reportedly gave the Phillies a few outspoken lectures on baseball in general and their rendition of the game in particular.

Unlike O'Neill, Eddie never made the "big time." Steve, on the other hand, was a catcher with Cleveland, the New York Yankees, St. Louis Browns and Red Sox. He starred in the 1920 World Series while with the Indians.

To Have Free Hand

In announcing the shift in pilots, Carpenter said that O'Neill would be given a free hand to make any changes in the Phillies' coaching staff—now composed of Benny Bengough, Cy Perkins, Maie McDonnell and Dusty Cooke.

Carpenter said he and Sawyer had been "kicking this thing around

COOL WEATHER REACHES PENNA.

By The Associated Press

The early awaited cold front breezed right across Pennsylvania yesterday but it was so weak that few people realized it had passed until they read about it in the papers.

Some relief is in sight today, according to Philadelphia's forecasters, Henry Adams.

Scattered showers, expected around midnight, will pull the mercury down to an almost forgotten low of 75, Adams said.

But the low temperatures will be only a happy memory after Sunday. The blistering heat is expected to play a return engagement, beginning Sunday and continuing until Wednesday.

In Philadelphia, known for its muggy weather, the humidity dropped from an early morning high of 80 per cent to a comfortable 48 per cent in mid-afternoon.

City fire hydrants took a beating yesterday. It is a time honored hot-weather custom for children to find a way of turning on the water hydrants when the law is out of sight.

Forty fire hydrants were broken yesterday in Philadelphia.

Out in the country where city dwellers go to cool off, the chief of the Fleetwood Fire company, Lester Meyer, showed up at the scene of a fire in swimming trunks and hip boots.

men dropped bolts through the openings, fastened nuts and in 20 minutes the whole operation was completed.

The American Flag placed atop the tower was the idea of the O. H. Hostetter Construction Co. men employed on the work. They held that no one should raise a tower that high without putting "Old Glory" on top for all to see. It was a matter of patriotism, they said, adding that the only thing other than a flag would be a cross.

Dr. Hanson, president of the college, agreed, and provided the five by eight foot flag for the men. It was fastened into the same opening in the top of the cone on which the cross will be fastened, and will remain there until scaffolding has been placed preparatory to placing the cross.

Neely Myers, foreman on the construction, said today that the chapel will be completed probably within a year depending on how quickly the work can be advanced. So far most of the steel work has been put together. Some brickwork on the lower sides of the structure has also been placed.

William R. Engeln, new National League umpire, works as a clothing salesman during the off-season.

LOS ANGELES—Sgt. Mal Whitefield ran 800-meters in 1:48.6 to tie the American record as U. S. turned in top flight performances with six meet record in qualifying for the Olympic team.

Women's Open Enters Third Round Today

PHILADELPHIA (AP)—A carefree young Kansas girl who belts the ball a mile and then trusts to luck was sandwiched in between three hardened lady pro colleagues today as the seventh annual National Women's Open golf championship entered the third round.

Top deck in this golfing sandwich is grim lipped Louise Suggs, a links' automaton from Carrollton, Ga., who plays every stroke with studious determination. On the bottom is Betsy Rawls of Austin, Tex., leading lady money winner of the year, and Betty Jameson, Texan from San Antonio, who usually is within hailing distance of the big money.

Nestled between this fearsome threesome is 23-year-old Marilyn Smith, a blonde charmer who has yet to win a major pro tournament. Miss Smith, the Kansas daughter of a prosperous Wichita insurance man, showed the field at Bala Golf Club a thing or two about hot golf yesterday as she broke the one round scoring record for this annual meeting of professionals and amateurs.

Today's Talk

By GEORGE MATTHEW ADAMS
PUNCTUALITYNapoleon once stated: "The rea-
son why I beat the Austrians is
because they did not know the value
of five minutes." If the ac-
counts of history are to be taken
as true, then it is possible that
Napoleon finally was defeated be-
cause he was too late with his
forces at Waterloo.Punctuality is a very important
quality I once knew a man who
would immediately cancel an ap-
pointment if the one with whom
it was made arrived even no
more than five minutes late. Don
Herold, one of New York's great-
est advertising writers, had this to
say about appointments and punctu-
ality: "If a friend says he'll
meet me at 12:30 at the Waldorf-
Astoria, and he doesn't arrive un-
til 12:45, I don't care how breath-
lessly he arrives, or what his alibis
are, I'm not quite so all his
friend from then on. He's been
careless with my time."There are few employees who
could be persuaded to steal money
from the concern employing them,
yet many a one thinks nothing of
stealing time for which he or she
is paid! Time is money, when you
are paid for putting your mind and
energies into it.The story is told of Washing-
ton's complaint over Hamilton's
tardiness at cabinet meetings.
Hamilton gave an excuse that his
watch did not keep correct time.
"Then," said Washington,
"either you get a new watch or I
will have to get a new Secretary."Trains pull out from their sta-
tions on the minute as advertised.
If they did not everything would
become chaotic. Nothing shows a
lack of consideration as does tar-
diness to appointments. If one can-
not be depended upon to keep an
appointment, that one cannot be
depended upon for anything im-
portant. I have been interested in
how they value each second on
TV, as well as on the radio.People who disregard punctu-
ality lose our full confidence. If
they are "careless" with our time,
they might be "careless" with our
money, our confidence or our
friendship!Protected, 1952, by The George Matthew

THE MODERN WORLD
There's little he'd know of the
world of today,For much has been changed
since God called him away.
The auto, the airplane, the radio,
too,
Are all modern devices that he
never knew.
And I'm sure that my father
bewildered would be
Could he come back to earth for
a visit with me.When he was down here, what
now commonplace seems
To him were improbable fancies
and dreams.
In the home now is many a
useful machine
That up to his last hour he
never had seen.
But, Nature has kept things
familiar and dear
That he would remember and
recognize here.My father would know maple,
elm tree and fir
And apple and plum for they're
still as they were.
While walking the garden he'd
smile to behold
The zinnias, the poppies, the gay
marigold,
The roses, the pansies and call
them by name.
They were here when he knew
them and still are the same.

FIRST BREAK IN
STEEL STRIKE;
SIGN PACT WITH
PITTSBURGH CO.PITTSBURGH (AP)—The CIO Uni-
ed Steelworkers has signed an in-
terim agreement which provides a
12½ cent hourly hike for 10,500
employees of Pittsburgh Steel Co.
—a basic producer.The agreement has personally ne-
gotiated yesterday by Philip Mur-
ray, president of the Steelworkers.
It provides a modified union shop
and otherwise substantially follows
recommendations made weeks ago
by the Wage Stabilization Board
in an effort to avoid a strike which
now is in the 26th day.Murray, himself, didn't comment
after giving the green light to Pitts-
burgh Steel to immediately start
plans for resumption of production.
However, one of his associates—
who asked not to be identified—
said the agreement "is an im-
portant break in the solid front put
up by the basic steel industry."

More To Fall In Line

John A. Stephens, vice president
of U. S. Steel who has been a
chief industry negotiator during the
past few months, said he had no
comment on the agreement. When
asked if any negotiations are
planned soon to end the strike,
he said merely:"We are ready to negotiate at
any time."Although no negotiations are
planned with U. S. Steel or other
companies making up the indus-
try's "Big Six," one of Murray's
associates said he expected "more
companies to fall in line soon." He
said approximately 48,000 of the
650,000 men who struck June 2
now have been covered in interim
agreements which have been signed
since the strike began. Most of
these are in smaller companies.

Already Union Members

The WSB recommended a union
shop whereby all steelworkers must
belong to Murray's union. Pitts-
burgh Steel's contract calls for a
modified shop. New employees must
join the union but can withdraw
between his 20th and 30th day of
work.A Pittsburgh Steel spokesman
said 99½ per cent of his company's
eligible employees already belong
to the union "and therefore it was
decided no practical purpose could
be achieved by continuing the
strike on the union shop issue."The agreement, retroactive to
April 1, provides six paid holidays,
three weeks' vacation after 10
years instead of 25 years, an in-
crease in shift differentials of from
four to six cents an hour on the
second shift and six to nine cents
on the third shift.Steelworkers now average around
\$1.95 an hour.

Bludgeon KillingTRENTON, N. J. (AP)—Pvt. Robert
L. Williams, 19-year-old New
Paltz, N. Y., GI, was sentenced to
life imprisonment Thursday mo-
ments after he was convicted of
first degree murder in the bludgeon
killing of another soldier.A federal jury convicted Williams
for the murder of Sgt. Herman
Wiener of Philadelphia. Federal
Judge Richard Hartshorne immedi-
ately imposed a life term.The battered body of Wiener, 52-
year-old musician, was found in his
Army barracks at Fort Dix, N. J.,
February 3. Williams was arrested
in New Paltz two days later.

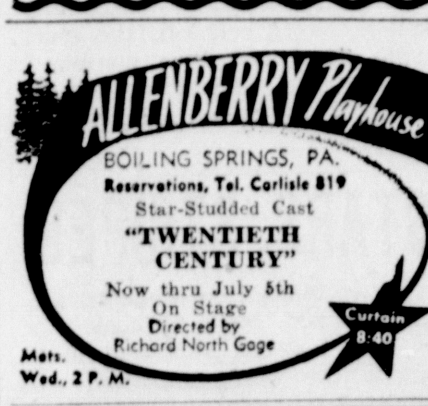

DYNAMITE MISSING

SPRINGFIELD, N. J. (AP)—Dyna-
mite, enough to "blow the town to
hell" was believed loose in the
Springfield area Friday.Police said 207 one-pound sticks
were stolen from the New Jersey
Quarry Co. Thursday and efforts to
locate the explosive have failed.Police Chief William J. Thomp-
son said he feared youngsters took
the dynamite to use on July 4.

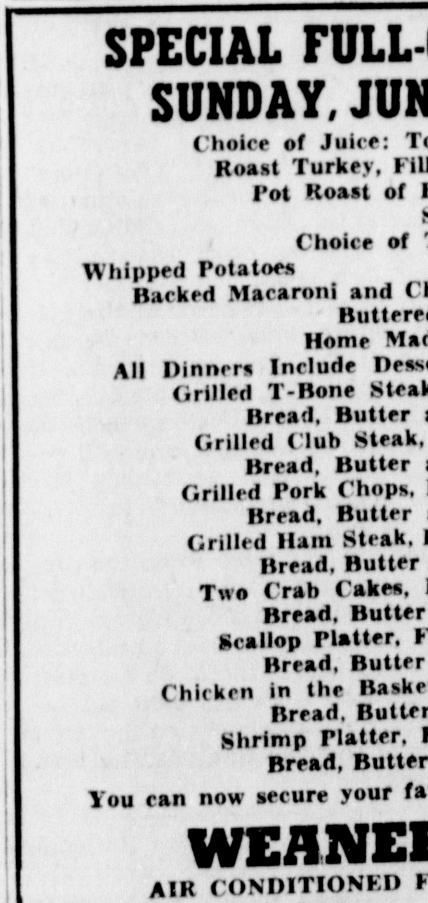

BETTER THAN MIGs

WASHINGTON (AP)—Secretary
of the Navy Kimball says the Navy
now has about seven planes com-
ing into production that are better
than Russia's highly publicized
MIG jet fighter.The Senate Appropriations Com-
mittee made public Thursday this
testimony by Kimball at a closed
hearing on the Defense Department
money bill for the next fiscal year.Last season Preacher Roe of the
Dodgers allowed 30 home runs,
but 21 of these came with the
bases empty.

REG. U.S. PAT. OFF.
by FREDERICK C. RUSSELL
Member S.A.E.

There's a lot of power in the modern car, but what a pity so much of it is mechanical.

For Professionals Only

I've had just enough letters from motorists to suspect that too many people are trying to undercoat their own cars. What they are trying to do is I wouldn't know, or how they expect to apply such materials without special pressure spray guns. Naturally some of these home jobs must be rather sketchy and without regard for the special cautions which even the experts must observe. The muffler, tail pipe and motor crankcase must not be coated. Some cars have a hand brake on the propeller shaft which must not be coated. Then there are the various exposed working parts such as shock absorber arms, clutch linkage, gear shift rods and bushings, etc., which could not work freely if covered. One part that recently developed trouble because of a lapse in the undercoating job is the generator. Some of the material got into the generator cooling fan and blew across to the armature.

It Tells The Story

It's an old test but I'm surprised that so few motorists try it when the radiator is suspected of being clogged. The trick is merely to drain off the radiator when the engine is cold and then pour hot water into it. Feel the core immediately to see if all areas of the radiator are warm. A cold spot would indicate a clogged area. In flowing down through the radiator water will pass any section of the core that doesn't provide a clear path.

At The AAA's Doorstep

Many members of the American Automobile Association have learned what a friend this great organization can be in an emergency but I believe few members have ever enjoyed club service as close to headquarters as the conductor of this column. Due there for a visit with some of my friends I was riding around trying to find a place to park when suddenly the fuel pump of my car failed. There I was right in the middle of Pennsylvania Avenue at 17th St., in Washington, D. C., with my wife, my mother-in-law, my brother-in-law, a sick cocker spaniel, and bags of Florida oranges hanging on the fenders—and a dozen taxis

honking for me to get out of the way.

But AAA came to the rescue. They had me on my way by early afternoon, but not until after one of the most delightful days I have ever spent.

Mechanic Joe Speaking:

"The belief that smell of gasoline from the crankcase vents of the breather pipe is a sure sign of fuel leaking into the oil tempts a lot of motorists to go well out of their way for an explanation. They foolishly imagine a lot of things. The truth is that usually this smell of fuel merely indicates excessive blow-by, combustion gases blowing past the rings into the crankcase. During the starting and warm-up period naturally a lot of raw gasoline is driven down past the rings.

"With this condition goes poor gas mileage, but the owner inclines to the belief that this is due to some mysterious leakage of raw gasoline. He does not stop to consider that an engine which has developed so much blow-by would not be likely to run efficiently or give good mileage."

Why Do They Break?

Clutch plate breakage is one of those things that makes you want to go back to the bicycle. I've seen it happen because of using an engine for which the rest of the car was not designed. Excessive slippage will weaken a plate by heating it, causing warpage and the grabbing and chatter that follow. Misalignment between engine and clutch and transmission also may be a factor. The plate contacts the side of the flywheel which may be rough.

Warning On Cleaners

If your car is equipped with air-foam cushions let me caution against carelessness in using the usual volatile type cleaners for taking spots off the upholstery. It's all right to saturate such spots where the cushions are composed of coil springs, but such caper with cushions made of foamed rubber may result in damaging the rubber. First dip the cleaning cloth in the cleaning fluid and then wring the cloth almost dry. The cloth is then ready for rubbing the upholstery. Work from the center of the spot outward.

Now It's Body Tune-up

It isn't often that a business

executive manages to turn out a motor book that has popular appeal but such is the feat of William T. Athanson, general manager of the parts and finishing department of one of the motor industry's giant body works. His pocket size book, "Automobile Body Repair and Paint Guide," is done in crisp style with numerous humorous drawings to keep the project lively. The author tells everything from how to shrink metal to prevention of common paint problems. Readers of this column should be interested in the book's body repair glossary which defines various parts of the car's body so that they can talk the body man's language when discussing repairs. Here you can learn what is meant by the terms "quarter panel," "drip molding" or "hinge pillar." A page of suggestions for removing upholstery stains is most helpful, not to mention a section on body tune-up.

D. Van Nostrand Company, Inc., of New York is sponsoring this at \$2.00 the copy. Now you can learn that a dolly isn't just someone from the chorus of a Broadway show.

Keep These In Mind

The car will steer just as well if the spokes of the wheel are not in some symmetrical position when the front wheels are in a straight-ahead position, but it is an aid to driving to have the steering wheel spokes indicate the relative positions of the front wheels.

Sometimes what seems to be excessive dilation, indicated by a too high oil level reading, may simply be due to not having fully drained off the old oil.

Knocks Out The Knock

When the engine is rough and a cylinder head of different design is suggested as the remedy most owners feel that they must sacrifice performance and power by making a substitution. This, however, is not the case. One of the new heads for a current car retains the same 7 to 1 compression ratio, yet provides quieter performance. The trick is accomplished by extending the area of space between the piston top and the head. This results in less concentration of fuel vapor and flame. In the design of some heads there has been too much swirling of the vapor with the result that flame

travel is too rapid. Net effect is identical with preignition or detonation from low octane fuel.

If detonation is a real problem don't lower compression until you have first checked to see if the factory produces a different design head that can be used on your car.

In The Motor Mail

Q. The other day when closing the car doors prior to leaving it one of the real windows broke. Is this due to inferior glass? J. G. B. A. Not necessarily. With the car completely closed up there is quite some pressure when you slam the door. This is especially true with a new car like yours where everything fits snug. Take it easy closing the doors, when the windows are tightly closed.

Q. What are some of the evidences of trouble with the booster side of the fuel pump? K. L. T. A. This booster for the windshield wipers will greatly increase oil consumption if its diaphragm leaks. The wipers will also slow down when you accelerate. The spark plugs will foul. The engine will run rough when idling due to the fact that the mixture will be leaned out too much.

Q. How far below normal must valve springs be to require replacing? Wm. L. L.

A. Any spring that is more than 10 pounds below tension as specified by the manufacturer should be replaced.

Q. There has been a lot of water in the gas tank of my car. I keep emptying the filter bowl at the fuel pump, but there is no improvement. I have been told that the trouble is due to the new location of the gas tank filler pipe. F. B. McN.

A. This has nothing to do with the filler pipe. I suspect that you use this car quite a lot and that you are not careful to keep the tank full. Result is that the tank sweats a lot and water collects from condensation.

Q. Is it ever necessary to replace the exhaust pipe? I mean the pipe between the exhaust manifold and the muffler, not the tail pipe. F. F. E.

A. The exhaust pipe will usually last many years, but whenever the muffler is replaced always check because it is at such times that a too thin exhaust pipe may start to give up the ghost.

Q. There is a bad oil leak at the front end of the engine of my car. Tightening the timing gear case doesn't help. Do you think the oil is leaking past the front main bearing? K. J.

A. No. From what you say the oil is leaking past the gasket for the timing gear case cover. I think you will find that the oil returns hole to the crankcase is clogged.

Q. The engine of my car has become quite erratic. Sometimes it will die out right after working perfectly, and then start right up again. A new carburetor hasn't helped. Nor have new points. Sometimes I can not start it until I have switched off the ignition, waited a few moments and started all over again. W. S. S.

A. This looks like a defective ignition switch.

Mr. Russell will answer questions regarding the care and operation of your car. Just address him at 254 Fern St., West Hartford, 7, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

WASHINGTON (AP)—The Senate squared away Friday to decide the fate of a controversial immigration bill vetoed by President Truman. Predictions of victory came from both sides.

The House voted Thursday 278 to 113, to override the veto. This was 17 votes more than the required two-thirds majority. Now it's the Senate's time for a showdown vote on whether to override the veto.

WASHINGTON (AP)—Latest available figures on the popular vote in Republican presidential primaries show Sen. Robert A. Taft polled an aggregate of 2,785,990 votes in 12 states against 2,115,430 for Dwight D. Eisenhower in nine states.

NATION'S STEEL STRIKE COST CLIMBING HIGH

PITTSBURGH (AP)—The nationwide steel strike, taking a bigger bite out of the country's economy each day, already has cost the steel companies nearly a billion dollars in lost production.

Vitality needed steel, the lifeblood of industrial America, sells at \$110 a ton. Since Philip Murray ordered \$30,000 of his CIO United Steelworkers to strike June 2 nearly 10 million tons of production have been lost.

It is impossible to guess how much the strike has cost America in dollars and cents. It's now hitting almost all sections of the economy.

No Compromise Seen

And one big steel official, Clarence B. Randall, president of Inland Steel Company, feels there isn't a chance for a compromise on one of the big, if not the most important, issues—the union shop.

In a statement at East Chicago, Ind., Thursday Randall termed the union's demand for a union shop the only issue in the present strike.

He said six major steel producers turned down a possible compromise union shop proposal "because it involves compulsion."

Railroads Hit

A union shop would require every steel worker to become a union member.

In addition to the strikers, about 230,320 workers in allied industries either have been laid off or have gotten word they will be furloughed within the next few days.

Among industries expecting lower profits for the second quarter are railroads, which are losing thousands of tons of freight.

Business experts say there's hardly a segment of the economy which won't suffer if the strike lasts much longer.

"First Big Blue"

Automotive News, a trade publication, says the steel crisis will take "its first big bite out of final assembly operations" in a few days.

Buick Motors at Flint, Mich., began to halt shipments to Buick-Oldsmobile - Pontiac assembly plants today. About 6,700 workers are being put on part time.

Studebaker Corp. in Indiana is halting production of passenger autos and military and civilian trucks next Thursday. The company, which will continue jet engine production, doesn't know how many of its 22,000 workers will be laid off.

PARIS (AP)—Two thieves were caught early Friday trying to steal world renowned paintings from the Paris Museum of Modern Art.

Renoir's "La Baigneuse," or picture of a woman bathing, and a Bonnard self-portrait were sliced from their frames with a razor by two young men. They were arrested by a museum guard.

BIGGEST FARM SHOW HARRISBURG (AP)—The State Farm Show Commission Friday authorized \$55,125 in prizes for the 1953 Farm Show, the largest premium total in history.

The show, largest of its kind in the nation, will be held the week of Jan. 12, 1953.

Company Employees Are Art-Conscious

PITTSBURGH (AP)—It's a safe bet the 1,000 employees of the Fisher Scientific Co. here probably know more about art than any other one group of employees in the country. The employees work amidst priceless paintings daily as they produce laboratory supplies.

Chester G. Fisher, founder and director of the company, has one of the most unusual art collections in the world and he's got it on daily exhibit for his workers. Scattered through the seven-story building are 300 original oil paintings and engravings, dating from the 16th Century to the present.

The art covers just one theme—the scientist at work. It starts with the alchemist and covers 300 years of art, history and science. Fisher has been collecting his art treasures for 35 years.

NEWSMAN AND POPCORN CLICK

PITTSBURGH (AP)—A reporter's patience aided by a box of popcorn did what Highland Park Zoo attendants couldn't do—it got most of 34 scampering monkeys back into their cage.

The frisky animals shinnied up a rubber hose and over the wall of the cage pit to freedom Wednesday. Attendants tried several ways to coax the monkeys out of the trees back to their cage.

Construct Vehicle To Test Bridges

LONDON (AP)—Britain has built an 85-ton vehicle, believed to be the only one of its kind in the world, for testing road bridges.

Named "Ossa upon Pelion"—after the Greek mountains of those names—the vehicle carries a 35-foot-long 50-ton chunk of concrete which can be maneuvered to change the weight on the vehicle's bogey wheels.

The weight on a single bogey can be varied at will from 20 to 90 tons for bridge-testing.

200 AT CLOSING EXERCISES FOR BIBLE SCHOOL

The Community Daily Vacation Bible School at East Berlin, sponsored by the Union Service Committee of Zwingle Evangelical and Reformed Church and Trinity Lutheran Church, closed with a program and an exhibit on Sunday evening in the Zwingle Church building with 200 present.

Opening devotions were conducted by the Rev. Lester J. Karschner, pastor of Trinity Church, with Robert Brothers, organist for Zwingle Church, accompanying. The report of the Bible School was presented by the Rev. Alton M. Leister, pastor of Zwingle Church, along with the introduction of various group numbers presented as part of the evening's program. Miss Lucy Sell, Bible School secretary, presented the certificates to the teachers who awarded them to their respective groups. After the presentation of an offering and the benediction by Rev. Mr. Leister, the program closed with those attending going to the Church School rooms to inspect the exhibit.

There were 165 enrolled in the school with a staff of 25 teachers and helpers in charge. A total of 110 of the pupils received gold seal certificates indicating perfect attendance records. Twenty-nine others got red seal certificates with a record of only one absence. Pupils who attended seven days received plain certificates and there were nine visitors.

Persons enrolled in the various groups, their awards and the teachers and helpers in the various groups follow:

FINE SAYS HE'S GETTING CLOSER TO EISENHOWER

HARRISBURG, Pa. (AP) — Gov. John S. Fine of Pennsylvania says he formerly was "inclined to be against" Gen. Dwight D. Eisenhower but now he is "getting closer and closer" to the views of the Republican presidential aspirant.

Fine, in a radio interview Thursday, still refused to say whom he favors for the GOP presidential nomination. He has indicated he will make his choice known before convention time.

"Until Eisenhower's return from Europe, and until he answered a number of questions and made some speeches," Fine said, "I was inclined to be against him. I felt he might be in favor of a program in Europe which would continue the tremendous expenditures we've been making."

"Since his return I have lessened that chasm of thought because of what he said. Let me say I'm getting closer and closer to Eisenhower."

The governor refused to say this means he's drawing away from Sen. Robert A. Taft.

An Associated Press poll made this week of Pennsylvania's 70-vote delegation to the convention shows 32 delegates favor Eisenhower, 24 lean towards Taft while 14 remain undecided or unwilling to express an opinion. Gov. Fine is generally credited being able to guide the votes of some 32 delegates.

Draws Party Lines

Certificates: Mary Altland, Mary Burgard, Sarah Lou Hall, Priscilla Yohe and Sylvia Yohe; red seal certificate, Joyce Danner.

Fine said he believed the more conservative Republicans are for Taft while "those who might be described as belonging to the progressive group" of the party favor Eisenhower.

"Although I am a regular organization man I believe I have been aligned with the policies of the independent thinkers of the party. I would say that more of the independent thinkers are for Eisenhower than for Taft."

In the course of the broadcast Fine denied that a "feud" exists between him and Sen. James H. Duff (R-Pa.), one of Eisenhower's staunchest supporters.

"There's absolutely no foundation at all for that sort of talk," Fine said. "We're very friendly, although of course, I don't approve of some of the things he's done, and he doesn't approve of some of the things I have done."

Did Something About This Hot Weather

TRENTON, N. J. (AP) — Brock Whitlock saw two ambulances drive off with persons suffering from the heat Thursday night and decided to do something about it.

Whitlock is general manager of the Olden Theater, an air-conditioned motion picture house.

"I called up my wife Esther and told her to take over the box office," said Whitlock. "Then I went around the neighborhood with tickets and invited people sitting out on their porches and in their backyards to come on over to the theater."

More than 700 persons, many of them children with their parents, accepted Whitlock's invitation by midnight.

The manager said normally he closed at 11 p.m., but he ran the movie on until 3 a.m.

The S. S. Savannah was the first steamship to cross the Atlantic.

ULCA DONATIONS UP 5 MILLIONS

PHILADELPHIA (AP) — The United Lutheran Church in America (ULCA) has announced an increase of more than five-million dollars in church contributions in the United States and Canada in 1951 over the previous year.

In disclosing the figures Thursday, the Rev. F. Epling Reinartz, church secretary, said ULCA members donated \$57,945,323 to carry on the work in local congregations and "to support the educational, social, and missionary ministries of the synods and of the ULCA at home and abroad."

The ULCA numbers 2,038,000 members in 33 synods in the U. S. and Canada. Dr. Elnartz said Pennsylvania's 80,000 members donated \$25,909,545, 43 per cent of the total amount.

Synod Records

The state's 1,513 congregations belong to four synods, headed by these clergymen:

Ministerium of Pennsylvania, the Rev. Emil E. Fischer of Philadelphia; Central Pennsylvania Synod, the Rev. Dwight F. Putnam, Harrisburg; Pittsburgh Synod, the Rev. G. Lawrence Himmelman of

Pittsburgh, and Slovak-Zion Synod, the Rev. Andrew Balask, Mt. Carmel.

The Central Synod, with a membership of 288,931 in 604 congregations, donated \$7,608,177 for all church services, including local congregational expenses.

POLITICAL BOMBSHELL ABOUT TO GO OFF

Who threw it?

How? Where?

Why?

What'll it mean to you?

Down on the convention floor, a key delegation has gone into a huddle. A whispered message... a quick vote... here comes the switch that will decide the nomination!

But even though you see it happening... hear the excited voices describing the hullabaloo... you won't be satisfied.

What really happened?... not only in plain sight, but in that Chicago hotel room... or on the long distance phone?

Who released what delegates? Who promised what? Who first heard the alluring strains of the bandwagon? What are the "big men" saying, underneath that roar of cheers? What does it mean for next fall... for the country... for you?

In short, you want your newspaper.

For no other news medium can give you enough reports and sidelights and opinions... fast enough... when you choose, where you choose, in the order that interests you most.

That's why everybody reads the newspaper... on days of supreme excitement... and every day.

...

If you're selling something that's advertised, make sure it's advertised to all the people in town.

All your customers and prospects read the newspaper — at the time they choose, for as long as they choose — for the advertising as well as for news or for fun.

When you're backed by newspaper advertising, your story has a chance to reach everybody... not just comedy fans, or mystery fans, or sports fans... but everybody.

That's why advertisers today invest more money in newspapers than in any other form of advertising. Newspapers are first with the most news... the most people... the most advertisers!

The newspaper is always "first with the most"

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association and published in the interest of fuller understanding of newspapers by The Gettysburg Times.

Classic Rewritten On Stage; Faces Suit

ANKARA, Turkey (U)—The plot of Rostand's "Cyrano de Bergerac" was partly rewritten by two principal actors in a recent performance here and ended in triumph. As the critics say, "the motivation was obscure."

What Aybar, the actor in the role of Christian, filed a suit soon after the performance against Cunéid Gokcer, who played the title role, Cyrano. The suit charged that Gokcer roughly treated the actress playing the role of the heroine, Roxane, during a love scene and hurled insults against Aybar on the stage in lines that cannot be found in the dialogue Rostand wrote for Cyrano and Christian.

BIBLE CLASS
HOLDS SESSION

Mrs. Holman L. Sell, president of the Starr Bible Class of St. Paul's Lutheran Church, presided at the monthly meeting of the class on Thursday evening at the church. The meeting opened with group singing for which Miss Rose V. Barker served as organist. The 23rd Psalm and the Lord's Prayer were repeated in unison. Guest packages were contributed by Mrs. Wareheim and Mrs. Ernest R. Sents and were received by Mrs. Ellen Feesser. Mrs. Emma Norwood and Mrs. Wareheim. A reading taken from the Bible was given by Mrs. David S. Kammerer Sr., another reading entitled "Good Old Church" was given by Miss Rose Barker.

During the social hour a contest was won by Mrs. Kammerer. Group games were played and prizes were won by Mrs. Kammerer and Mrs. Ernest Sents. Refreshments were served to the group by the June hostess committee composed of Mrs. Edward H. Brown, Miss Rose Barker and Mrs. William H. Dixon. The next meeting of the class will be

held Thursday, July 31, with Mrs. Ellen Feesser, Mrs. Claude Wintrose and Mrs. Maurice Wareheim comprising the hostess committee. The place of meeting will be announced later.

Mrs. Arthur C. Richards Jr., New Haven, Conn., left for Philadelphia after visiting for a week at the home of Mrs. Marian S. Huey, S. Queen St. Dr. and Mrs. Richards will reside in Ambler after July 1, and the former will be the resident surgeon at the Lying-in-Hospital, Philadelphia Dr. Richards was a general practitioner in Littlestown before going to New Haven in September, 1950.

Baseball Parade
In the Littlestown Softball League the team standings to date follow: Eagles, won five, lost two; Redeemer's Young Men, four and two; Harry's, three and three; Mystic Chain, none and five.

Prior to the Midget baseball game on Friday evening, the members of the league participated in a parade. The parade formed at the playground and marched from E. Myrtle St. to the railroad on S. Queen St. and counter-marched to the playground for a game. The lineup included the members of the Midget League, the Minor Leaguers, all in their uniforms, and the Littlestown High School band. On the ball diamond each member of the four teams was introduced to the

spectators. The four teams comprising the Midget League are the Vets, Cardinals, Lions and the Giants.

Business And Shower
Nineteen members and three visitors were in attendance at the monthly meeting of the Ladies' Aid Society of St. John's Lutheran Church on Thursday evening in the church social hall. The opening devotion including the Scripture reading and prayer were in charge of Mrs. Wilbur Hollenshead. Humorous readings were given by each of the members. The society president, Mrs. Dallas W. Shriver, presided for the brief business session. The secretary's report was presented by Mrs. Edwin L. Harget. The birth-

days of the following members were noted, Mrs. Noah Strevig, Mrs. Preston Clouser and Mrs. Earl Brumgard. Plans were made to hold the next meeting outdoors at the home of Mrs. Raymond Heinaman, Littlestown R. 1, on Thursday, July 31, 8 p.m. The July Hostess Committee is composed of Mrs. Reinsman, Mrs. Edwin Harget, Mrs. Kenneth Miller and Mrs. Oliver Erb. During the social hour a baby shower was held in honor of Mrs. Earl Brumgard. Refreshments were served to the group by the June hostesses, Mrs. William J. Lipsey, Mrs. Wilbur Hollenshead, Mrs. Carl Johnson and Mrs. William Shadle.

The monthly meeting of the Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2226, will be held on Monday evening at 8 o'clock at the Eagles Home, W. King St. Parlor bingo will be featured during the social hour. The meeting is being held two days in advance due to the Eagles Auxiliary Convention in Reading on July 1 and 2.

The Ladies' Aid Society of St. James' Reformed Church, along the Harney Road, will hold its monthly meeting on Monday evening at 8 o'clock in the parish hall. The church consistory will also meet for its monthly session on Monday at 8 p.m. in the parish hall.

Firemen Called
The Mothers' Sunday School Class of St. Mary's Reformed Church, Silver Run, will hold its annual picnic for members and their families on Sunday afternoon at 1:30 o'clock at the South Mountain Fairgrounds, near Arendtsville. Each member is requested to bring a basket lunch. Group games will be held for the children in charge of a committee consisting of Mrs. Stanley Horner, chairman, Mrs. Roy A. Knouse, Mrs. Cyril Groft, Mrs. Alvin G. Dutterer Jr., Mrs. Levine Bitzel and Mrs. Chas. Good.

The Double or Nothing Club of St. Mary's Lutheran Church, Silver Run, will hold its June session on Sunday evening at 6:30 o'clock in the parish hall. Mr. and Mrs. William Steinberg will be the hosts for the meeting.

Two trucks from the Alpha Fire Company No. 1 answered a call on Friday evening at 9:50 o'clock when an automobile parked in Crouse Park caught on fire. The car, a 1948 Studebaker convertible, owned by Bernard Weaver, 110 Boyer St., Littlestown, was slightly damaged. The fire was caused by a faulty generator.

BIG 3 WRITE
NOTE TO RUSSIA

LONDON (AP)—The Big Three foreign ministers planned to complete final drafts today of a note to Soviet Russia conditionally offering Four Power talks on uniting Germany.

U. S. Secretary of State Dean Acheson, British Foreign Secretary Anthony Eden and French Foreign Minister Robert Schuman announced last night they had agreed on a note to the Soviet Union.

They also said in a communique that they had "considered means" for ensuring close cooperation in Korea and the Far East during their two formal sessions which ended last night with a dinner given by Eden.

One suggestion has been that a British deputy should be appointed to Gen. Mark Clark, U. N. commander in Korea.

The communique gave no details on the agreement to answer a qualified "yes" to repeated Soviet demands for direct Four-Power talks on a German settlement.

London Bus Tickets
Are Used In Iowa

WEBSTER CITY, Ia. (AP)—When Ethel Swanson and Edith Jensen missed the double-deck bus at piccadilly in London last summer, they forgot to throw away the unused tickets.

Recently when the touring London busses arrived here, the Misses Swanson and Jensen hailed the caravan's motor cycle escort at the edge of town.

Then they proffered their June 10, 1951 tickets and were escorted aboard—finally catching a bus they missed a year ago and 5,000 miles away.

Littlestown, was slightly damaged. The fire was caused by a faulty generator.

Skeeter Kell, rookie milder for the Philadelphia Athletics, played for Arkansas State College.

Uproot Marijuana
In Bronx Fields

NEW YORK (AP)—Sanitation Department crews recently uprooted 25 pounds of marijuana growing in a vacant lot in the Bronx.

Authorities said growth of the weed in the city is encouraged by birds spreading the seed, or by criminals deliberately planting it in out-of-the-way places for an illegal harvest.

A pound of marijuana, from which about 100 cigarettes are made, will bring more than \$100 on the illegal market.

PROSPERITY

A
WARNING
FROM
YOUR
DRY CLEANERS

Clothing Made From
Uncleanable Materials
Now Flooding Market

Prosperity Cleaners urge YOU to be careful in your selection of clothing. Some materials now contain such a great amount of sizing (a manufacturers' starch) that they lose their body and neat appearance after the first cleaning. When such defects occur, they are NOT the fault of your dry cleaner, but of the material itself. Be careful of what you buy.

The following article by the Associated Press was published in affiliated newspapers over the nation on April 17th, 1952:

CLEANERS CALL FOR BETTER
LABELS AS TO CLOTH CONTENT

WASHINGTON, April 17 (AP)—An association of clothing cleaners told the government yesterday that some manufacturers are producing cloth that cannot be cleaned satisfactorily by any existing method.

The New York Neighborhood Cleaners' Association, which said it represents 750 cleaning plants, asked the Federal Trade Commission to issue a rule that all blended fabrics be labeled as to fabric content. The association said in its letter that it is becoming common practice to imitate fabrics of known serviceability with new, synthetic fibers and cheaper dyeing processes.

A cleaner may be deceived by external appearance and mistake the cloth for material of another type, the letter said. Frequently, garments are damaged because of this, it added.

The letter also said some manufacturers are marketing fabrics without testing them thoroughly, and many of them simply cannot be dry cleaned.
